4.0 PROCEDURE

4.1. PRIOR REQUIREMENTS

	Responsibility	Instruction
4.1.1	All staff/ Visitors	All staff and visitors must also follow the requirements stated in SOP 1.01 Personal Hygiene, Sickness and Protective Clothing and SOP 1.02 Visitor Policy .
4.1.2	All staff/ Visitors	Hand washing must be performed to prevent the contamination of Supplement Factory products and materials with chemical, physical, biological and/or allergenic contamination and/or cross-contamination
4.1.3	All staff/ Visitors	Hand washing must only be performed in designated hand washing sinks only. Do not wash hands in utility sinks. Designated hand washing sinks in the production facility are “hands free” to prevent cross contamination from fixtures and fittings.
	All staff/ Visitors	When entering the production facilities all staff and visitors must also follow the requirements stated in relevant changing room procedures.

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.

Hand Washing Procedure			

4.2. HAND WASHING

	Responsibility	Instruction
4.2.1	All staff/ Visitors	In production facilities (and the office environment) hands must be washed at, but are not limited to, the following times; • Before starting work/after a break • When moving from one production area to another • When changing production activity • Before putting on or changing gloves • After using the toilet • After sneezing, coughing or using a handkerchief/tissue • After touching the face, hair or body • After smoking, eating, chewing gum/tobacco • After any clean up activity • After handling rubbish/waste • After putting on or changing a dressing • After handling external packaging
4.2.2	All staff/ Visitors	Thoroughly wet hands and wrists with warm (approx. 30°C - 40°C), running water from the hands-free hand washing sinks and apply designated liquid hand soap.
4.2.3	All staff/ Visitors	Scrub lathered hands and wrists, under finger nails and between fingers and thumbs for at least 20 seconds (see appendix one)
4.2.4	All staff/ Visitors	Rinse hands and wrists under warm (approx. 30°C - 40°C), running water for at least 10 seconds; all soap lather must be removed.
4.2.5	All staff/ Visitors	Dry hands and wrists using the hands-free warm-air driers for at least 30 seconds until hands are thoroughly dry or dry with paper towels provided and dispose of correctly in pedal bins.
4.2.6	All staff/ Visitors	During unforeseen circumstances such as a global pandemic, additional and frequent hand washing is required.

4.3. HAND SANITISING

	Responsibility	Instruction
4.3.1	All staff/ Visitors	In the production facility, after thoroughly cleaning hands and prior to putting on gloves, hand-sanitiser must be used
4.3.2	All staff/ Visitors	The hand-sanitiser dispenser automatically doses when hands are placed below nozzle to prevent recontamination of hands.
4.3.3	All staff/ Visitors	Thoroughly apply sanitiser to the entirety of hands and wrists and allow hands to dry.
4.3.4	Production staff	When undertaking primary product contact gloves must be put on immediately after sanitising to prevent the recontamination of hands.
4.3.5	All staff/ Visitors	During unforeseen circumstances such as a global pandemic, additional and frequent use of hand-sanitiser is required.

5.0 REVISION HISTORY

01	New procedure. Training is required
02	General update following two-year review
03	Update to include pictures
04	Update to 4.2.6 and 4.3.5
05	Update to logo, and 'forza headed' information.
06	General 2 year review – change to 4.2.5 added paper towels to hand drying procedure.
