SOP STANDARD OPERATING PROCEDURE		SOP Number	1.02
		Version number	13
		Page	2 of 14
Visitor Policy			

1.0 PURPOSE

The purpose of this Standard Operating Procedure is to describe the overall process for managing visitors and contractors in order to prevent the contamination of products, component materials and product contact surfaces.

Visitors are defined as all non-employees of the Supplement Factory Ashford sites which includes all Supplement Factory employees from other sites, site contractors and general visitors to the site including customers and regulatory inspectors.

Authorised visitors are defined as those visitors who have prior permission to visit the site and who have arranged to meet a named member of staff.

2.0 SCOPE

Departments, Job Functions	This SOP applies to all Supplement Factory employees in the Ashford Manufacturing Site and Warehouse. This SOP applies to the following job functions: All staff
Limitations	This SOP does not apply to visitors such as delivery drivers who do not enter the site. This SOP does not apply to any operations carried out before the effective date of this procedure.

3.0 DELEGATION OF ACTIVITIES

Delegation	Responsible parties in the procedure may delegate an activity but retain responsibility for the outcome. Delegation can only be made to personnel who have been appropriately trained.
	Activities delegated to external contractors must be documented in a contract.

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.

SOP STANDARD OPERATING PROCEDURE		SOP Number	1.02

Visitor Policy			

4.0 PROCEDURE

	Responsibility	Instruction
4.1	All staff Visitors	Visitors must either request in advance permission to visit the site or they must have been invited by a member of staff, for instance as a site contractor. Ad hoc visits are not normally permitted.
4.2	All staff	Once the visit is agreed and arranged a copy of 'Visitor's Rules and Declaration' (Appendix 2) can be e-mailed to the visitor along with a pre-registration via SwipedOn before arrival to allow them to read it and confirm their understanding before they make travel arrangements. Supplement Factory will not accept any liability for any travel costs for visitors excluded from visiting the site.
4.3	Visitors All staff	On arrival at the site the visitor must ring the doorbell to gain admission to the building. Visitors will only be admitted to Unit 8 Axiom and not directly to the manufacturing facilities. The Supplement Factory employee letting the visitor into the building will contact their host and ask the visitor to complete the SwipedOn Visitor or Contractor registration form.
4.4	All staff Visitors	The visitor will be shown to the digital screen with the SwipedOn Application to complete the Visitor Policy and Declaration, a copy of 'Visitor's Rules and Declaration' can be sent to the Visitor or Contractor to their email. (Appendix 2) (only if they are entering the factory or if there are any global/localised pandemics). Supplement Factory holds a copy of all signed visitor and contractor declarations.
4.5	All staff	Once the visitor or contractor has signed and completed the SwipedOn Visitor form, any answers flagged will be sent to the Supplement Factory quality team to approve, information provided on the visitor form is to the best of their knowledge provided and or truthful.

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.

SOP STANDARD OPERATING PROCEDURE	 supplement factory	SOP Number	1.02
		Version number	13
		Page	4 of 14
Visitor Policy			

4.6	All Staff	Staff must make sure that their visitor has signed in correctly, a photograph has been taken of said visitor or contractor and an ID badge has been printed via the printer located below the sign in station.
4.7	Visitors	Visitors who make a false declaration or withhold important information or refuse to complete the form may be banned from visiting the site.
4.8	All staff	The Supplement Factory host is responsible for the actions of their visitor or contractor while they are on site. It is the host's responsibility to ensure visitors are aware of Supplement Factory procedures and regulations and do not affect product quality or safety in any way.
4.9	All staff	The Supplement Factory host is responsible for the safety of the visitor while they are on site. They must be made aware of fire procedures and other important Health & Safety procedures.
4.10	Visitors	Visitors must follow the same personal hygiene procedures as Supplement Factory staff. SOP 1.01 Personal hygiene, SOP 1.03, 1.14 and 1.17 Changing procedures.
4.11	All staff	The Supplement Factory host will ask the visitor not to touch any product, equipment, utensil or materials without approval of a member of staff and that, if applicable, they must wear approved gloves when asked to do so. Photography is not permitted unless authorised by Supplement Factory management.
4.12	All staff	If a visitor is left unattended within the manufacturing environment the host must ensure the visitor has been appropriately trained in general GMP and applicable Supplement Factory procedures. Staff must report to a designated manager any suspicious activities they may observe being performed by visitors or contractors on site.
4.13	All staff	In the event of any accident, injury or incident Supplement Factory management must be informed.

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.

SOP STANDARD OPERATING PROCEDURE		SOP Number	1.02
		Version number	13
		Page	5 of 14
Visitor Policy			

4.14	All staff	All staff must ensure that their visitors complete all relevant sections on the declaration form. If staff are unsure what countries may be of a high risk to the site at the time of visit, Quality will be notified, and a decision must be made.
4.15	All staff	Visitors (particularly contractors) must consider any items they are bringing into the facility (naming it on the form) and whether these items contain allergens such as lubricants. These must be approved prior to entry and reviewed by Technical. Allergens considered must be as follows: • celery • cereals containing gluten – including wheat, rye, barley and oats • crustaceans – such as prawns, crabs and lobsters • eggs • fish • lupin • milk • molluscs – such as mussels and oysters • mustard • tree nuts – including almonds, hazelnuts, walnuts, brazil nuts, cashews, pecans, pistachios and macadamia nuts • peanuts • sesame seeds • soybeans • sulphur dioxide and sulphites (if they are at a concentration of more than ten parts per million)
4.16	All staff	Visitors must also inform the host if they have any allergies to the above allergens prior to entry (not all allergens are on site).

IMPORTANT

This site is involved in the production of food/dietary supplements and medical device products. Therefore to protect the consumer from all sources of microbial or other contamination strict site regulations apply to which you must conform at all times to be authorised to visit

It is a requirement of your visit that you must read and understand the information provided prior to entry of our production facility.

On the day of your visit and on arrival you must be prepared to make an honest and truthful health declaration on the form which will be reviewed by a Supplement Factory representative. The information provided will be treated confidentially.

This form must be completed on the first day of every visit. It does not require completing for consecutive days on site however changes in your health condition or accidents must be notified to the person you have agreed to meet (Supplement Factory host). This declaration must be signed again if there is a gap of more than one week between visits.

Health Conditions and Microbial Contamination

If you have a health condition which may be a source of microbial contamination then you must declare this to your Supplement Factory host and be able to discuss these conditions with them. Health conditions that may cause microbial contamination include, but are not limited to, any of the following:

- Cold or flu symptoms such as sneezing or coughing
- Fever
- Vomiting
- Communicable diseases such as measles, mumps or chickenpox
- Stomach upsets or diarrhoea
- Skin infections
- Cuts, wounds or any other open lesions
- Burns, boils or sores

The host has the right to exclude you from the site or certain areas of the site until these symptoms have cleared and their decision in all cases is final. This should however not prevent you from making a truthful declaration and may harm your future right to visit the site if you fail to do so.

If your health condition changes whilst you are on site, or in between consecutive days on site or if you have any form of minor or major accident then you must notify this immediately to your host or Supplement Factory management.

If you believe you have contaminated any product, component material or product contact surface in any way with bodily fluids such as blood, vomit, sneezing, sweat or saliva or with a spillage of any other contaminant such as paint, chemicals, building materials, etc., then you must report this immediately to your host or Supplement Factory management.

Visitor's Rules

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.

SOP STANDARD OPERATING PROCEDURE		SOP Number	1.02
		Version number	13
		Page	10 of 14
Visitor Policy			

- It is expected that you will be clean and hygienic when you visit the site.
- If applicable you must apply anti-perspirant before coming on site to minimise potential for contamination from sweat. Once on site you must control perspiration in a manner that prevents sweat from dripping on product, component materials, on equipment or work surfaces.
- Your clothing and shoes must be clean, in a good state of repair and should have no materials contaminating them such as paint, plaster, oils or chemicals which could come off and contaminate the site and product. Open shoes / sandals or high-heeled shoes are not allowed for Factory Visits. They should also be free from hairs including pet hair.
- You must not wear excessive cosmetics and fragrances on site. Gloves can be provided to cover nail varnish and/or false nails.
- Spitting is strictly prohibited and will not be tolerated.
- If possible leave all jewellery and all unnecessary personal belongings off site before you travel. Once on site any remaining jewellery must be removed before entering manufacturing and warehouse areas including rings, earrings, body and facial piercings, decorative stones, chains, necklaces and bracelets. Watches must be removed in the manufacturing area. Any ring that cannot be removed must be covered by an approved glove or blue plaster.
- You must ring for attention at the front door and not enter any building until invited to do so.
- The use of chewing gum, bubble gum or any other related product is not permitted in any area of the site.
- Any food or drink items you bring to site must be in a clean and hygienic condition and these must be stored in approved kitchen and office storage areas. These items must be removed on leaving.
- Do not bring known allergen materials such as peanuts or fish products on site. If you have had recent contact with such products please ensure you thoroughly wash your hands before visiting.
- Eating, drinking, chewing and preparing food, drink, medication, cigarettes/electronic cigarettes or other tobacco products is strictly prohibited in all manufacturing and warehouse areas. Your Supplement Factory host will direct you as to where you are allowed to carry out these functions.
- You must ask your Supplement Factory host permission to use mobile phones, cameras, MP3 players and other potable handheld devices.
- Photographs may only be taken with the permission of your Supplement Factory host.
- A member of Supplement Factory staff will provide the correct work wear for you to enter the area of the site you need to visit and will direct you on how to wear the clothing if necessary. Protective coats or overalls must be fully fastened with sleeves rolled down. Any hair cover must cover the hair and beard snoods will be worn if considered appropriate.
- You must at all times obey the hand washing requirements explained to you by your host. This will include washing and sanitising hands when entering and re-entering the manufacturing areas, after every toilet, smoking or food and drink break and every time your hands become dirty or soiled. The hand washing procedure (full procedures and training is available) is:
 - Wash your hands thoroughly using the appropriate hand washing facilities as directed by your Supplement Factory host and signage, using hot water and the liquid soap provided.
 - Dry your hands using the hand driers
 - Sanitise your hands with the anti-bacterial hand gel provided.
- You must remain within the areas authorised by your host and not enter restricted areas unless authorised and accompanied by a Supplement Factory staff member.

- You must not touch any product, component material, equipment, utensil or pipework without the permission of a Supplement Factory staff member. You may be asked to wear gloves which will be provided.
- You must reconcile after use any tools or equipment that you bring on site and notify Supplement Factory management if something is missing.
- You must dispose of your waste in the appropriately labelled refuse bin.
- It is forbidden to take any product or item from the premises without permission from a Supplement Factory staff member.
- You are not permitted to bring pets or animals of any kind on site.
- Please do not wear clothes that have been in contact with pets or other animals and may have pet or other animal hairs on them.
- Please state if you have any allergies to the below allergens in case they are on site.
- Please declare any materials that you require to take on site with you e.g. lubricants, trial materials, cleaning materials. These must be assessed for suitability and potential allergens by Technical before entering site.
- Allergens considered must be as follows:
 - celery
 - cereals containing gluten – including wheat, rye, barley and oats
 - crustaceans – such as prawns and lobsters
 - eggs
 - fish
 - lupin
 - milk
 - molluscs – such as mussels and oysters
 - mustard
 - tree nuts – including almonds, hazelnuts, walnuts, brazil nuts, cashews, pecans, pistachios and macadamia nuts
 - peanuts
 - sesame seeds
 - soybeans
 - sulphur dioxide and sulphites (if they are at a concentration of more than ten parts per million)

Appendix 3 Competency Test

Full training of this SOP requires successful completion of the following competency test:

- Question 1:** When a visitor arrives at Supplement Factory you must...
 - Wish them a good journey
 - Ask if they've visited before
 - Provide them a copy of the Visitor's Rules and Declaration Form to read & understand.
- Question 2:** Who is responsible for ensuring Supplement Factory products and materials are not contaminated by visitors?
 - The visitor
 - Supplement Factory host
 - Trading Standards
- Question 3:** Visitors must (tick all that apply):
 - Wear overalls as requested
 - Abide by Supplement Factory hygiene rules
 - Not touch anything unless authorised by Supplement Factory representative.

PASS MARK = 100%

It will not always be necessary for this assessment to occur if the individual has successfully been performing this task within Supplement Factory and according to the standards required in this SOP for more than 6 months. This should be justified and noted in the training record.
