4.0 PROCEDURE

4.1. ENTERING THE PRODUCTION FACILITY

	Responsibility	Instruction
4.1.1	All staff	All staff entering production areas must follow the requirements stated in SOP 1.01 "Personal Hygiene, Sickness and Protective Clothing." The crossover bench is considered the demarcation between the 'dirty' external zone and the 'clean' factory zone.
4.1.2	Production	Enter the changing room via the main door and remove all outdoor clothing. This includes but is not limited to coats, scarves, hats etc. Place these items in the personal lockers. Ideally leave all outer clothing on the coat hooks provided in the corridor.
4.1.3	Production	Remove all jewellery and cosmetic items. This includes but is not limited to watches, earrings and visible piercings, necklaces, bracelets, rings, false nails and eyelashes etc. Place these items in the personal lockers.
4.1.4	Production	Wallets and keys can be taken into the production area but must be stored in a secure trouser pocket below waist level. No other personal property must enter the production area; these items must be stored in personal lockers. Ensure that all items are stored <u>IN</u> the lockers; the top and sides of the lockers must be kept clean and clear, nothing must be stored <u>ON</u> the lockers.
4.1.5	Production	Long hair must be fully restrained with hair ties. No hair pins, curlers or ribbons must enter the production area.
4.1.6	Production	All exposed cuts and grazes must be covered by facility-approved blue bandages to prevent contamination.

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.

SOP STANDARD OPERATING PROCEDURE		SOP Number	1.03
		Version number	07
		Page	4 of 9
Changing Room Procedure			

4.1.7	Production	Personal shoes must be removed and placed on the floor beneath the bench. Clean safety shoes must be worn (stored on the lower level of the bench. These must not be removed from the production facility). Sit on bench, remove personal shoes, replace with factory footwear and swivel across bench.
4.1.8	Production	New, clean hats or hair nets must be worn and must cover all hair and all of the ears.
4.1.9	Production	Unless clean shaven new, clean beard snoods must be worn and must cover all visible facial hair (including but not limited to stubble, beards, goatees and moustaches etc.). Greater than 2 days stubble requires a beard snood.
4.1.10	Production	Coats or overalls assigned to employees must be worn, correctly closed and with the arms rolled down. Nothing may be attached to the outside of the coat/overcoat. These must be stored in the clean garment box when clean and not in use. If the coats are in use, they must be placed onto the designated hooks in the changing room until they are not suitable for use. These must not be removed from the production facility.
4.1.11	Production	NB if working with allergens the red disposable coats must be worn as described in SOP 5.19 Allergen Control
4.1.12	Production	Hands must be washed as described in SOP 1.06 and gloves worn if intending to handle product or product contact materials or surfaces.
4.1.13	Production	Sanitise hands with approved sanitizer.
4.1.14	Production	Before entering the production area face masks must be worn. The mask must cover mouth and nose.

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.

Changing Room Procedure			

4.2. RE-ENTERING THE CHANGING AREA

	Responsibility	Instruction
4.2.1	Production	Remove gloves and dispose of in designated waste bins.
4.2.2	Production	Remove coat or overalls and hang up on designated hooks in the changing room. NB 'Allergen' coats must be disposed in the changing room bin and not hung up.
4.2.3	Production	Prior to entering the toilet staff must put overshoes on over safety shoes. These must be disposed of in designated waste bins after exiting the toilet.
4.2.4	Production	Prior to re-entering the production area staff must wash hands as described in SOP 1.06. Safety garments (gloves, hats/hair nets, beard snoods, coats/overalls/ masks) must be put on, as described in section 4.1. Sanitise hands with approved sanitizer.

4.3. EXITING THE PRODUCTION FACILITY

	Responsibility	Instruction
4.3.1	Production	Remove gloves and dispose of in designated waste bins.
4.3.2	Production	Remove coat or overalls and replace in the garment lockers. Each Tuesday soiled coats/overalls must be placed in the soiled garment locker for laundering by the designated laundry contractor.
4.3.3	Production	All hairnets/hats/masks and beard snoods must be removed and disposed of in designated waste bins.
4.3.4	Production	Safety shoes must be removed and placed on the lower level of the bench. Sit on bench, remove shoes and swivel across. Ensure that safety shoes are clean prior to returning to the bench (if necessary clean with appropriate cleaning materials).

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.

4.3.5	Production	Ensure that all personal items are removed from personal lockers prior to leaving the production facility.
-------	-------------------	--

4.4. VISITORS AND NON-PRODUCTION STAFF ENTERING THE FACILITY

	Responsibility	Instruction
4.4.1	Visitors/ Non-production staff	All staff and visitors entering production areas must follow the requirements stated in SOP 1.01 "Personal Hygiene, Sickness and Protective Clothing."
4.4.2	Visitors/ Non-production staff	Enter the changing room via the main door and remove all outdoor clothing. This includes but is not limited to coats, scarves, hats etc. Place these items in the personal lockers. Ideally leave outer clothing on hooks in corridor.
4.4.3	Visitors/ Non-production staff	Remove all jewellery and cosmetic items. This includes but is not limited to watches, earrings and piercings, necklaces, bracelets, rings, false nails and eyelashes etc. Place these items in the personal lockers.
4.4.4	Visitors/ Non-production staff	Wallets and keys can be taken into the production area but must be stored in a secure trouser pocket below waist level. No other personal property must enter the production area; these items must be stored in personal lockers. Ensure that all items are stored <u>IN</u> the lockers; the top and sides of the lockers must be kept clean and clear, nothing must be stored <u>ON</u> the lockers.
4.4.5	Visitors/ Non-production staff	Long hair must be fully restrained with hair ties. No hair pins, curlers or ribbons must enter the production area.
4.4.6	Visitors/ Non-production staff	Over shoes must be worn by visitors and non-production staff over personal shoes. Sit on bench, put on overshoes and swivel across bench.
4.4.7	Visitors/ Non-production staff	All exposed cuts and grazes must be covered by facility-approved blue bandages prior to entering the production area.

CONFIDENTIAL INFORMATION

Do not distribute outside of Supplement Factory without a confidentiality agreement.
